Nick is no longer in ENVL, sorry, I misunderstood the directive. Nick Stone is in ENVL, I added him earlier.

Brescia is OPs. Not ENVL. Nick Stone having access now, is imperative.

Thanks,

Derek

R6HarveyENVL is the only box as yet... I'll check again tomorrow morning.
Nicolas Brescia, Gary Newhart, David Charters and Michele Burgess have access to it.

Awesome! See, all these conversations over the years about records management, data integrity and legal support have paid off. You have the technical skills and fully understand the need.

Much appreciated. Let me know when REOC ENVL is up, I have names to add to that one.

Thanks,
Derek

Ok, I told our support folks (6MD) that anyone assigned to positions would need to be assigned to those boxes, since they need to use them. Not viable for me to try to track that and assign it, since REOC should have that info prior to me. Not saying it has to be or even should be you, but I will ask, what do you suggest?

Thanks,
Derek
